He currently serves by appointment from Secretary of Defense Robert Gates on the Defense Health Board's Psychological Health External Advisory Subcommittee.

Needed this book for my organizational behavior course and it came as described. Brand new with

access code. I did not need the access code for my course so I cannot give feedback on that part. The book has a wealth of knowledge but seems like the author dragged out portions of this book. I plan on keeping this book even after my course is over because it does have some valuable information.

Very ugly book on the inside with a lot of copy and pasted stock imagery. text is very squished with images and Cengage is an ugly format as well, the quizzes and activities do not ask questions on the main subjects and asks questions on the tinniest of details in the book. There should be more games besides race against the clock. The information inside the book also seems to drag on and I tended to skip over text quite often. Information should be easy to find because in the end, you're only going to need to find the important information in the end. Would not recommend.

I have purchase this textbook for my Organizational Behavior class. Although all I needed was my powerpoint notes for the exam itself, I have used it to understand terms that I needed some help with. This book was helpful for me as I was able to understand terms that I need help with. The book was helpful for me to succeed my my Organizational Behavior class.

Exactly what I needed and included the online portion, even though I ended up not needing it. Practically brand new except a very few highlighter marks which did not bother me at all, much less than i'd expect from a used book

The price was good, and the access code worked great. The book is however beat up a little. The first chapter is full of scribbles in the pages where someone was i guess taking notes. But other than that it's a great read!

The Products it not as it says in the description. The book with CourseMate Printed Access Card) (New, Engaging Titles from 4LTR Press, I didn't find any access code.

Book did not come as advertised. Coursemate card not included (was ripped out of book) and there is lots of writing throughout book. Although it is used and I didn't expect perfection, I did expect it to come in the condition stated.

It's nice to be able to buy new textbooks for such a good price. I always look for my books at now!
