# Professional Services For Men: Haircutting And Styling

## **Synopsis**

Professional Service for Men: Hair Cutting and Styling provides a comprehensive overview of what you will need to know to provide the hair care services your male clientele seek. Specifically, you will learn about facial shapes and head forms so you can achieve consistent and successful haircutting results. You will review key haircutting terminology so you and other barbers and stylists will be speaking the same language. You will walk step-by-step through numerous haircutting techniques such as the fingers-and-shear technique, shear-over-comb technique, and arching technique, as well as clipper cutting, razor cutting, and outline shaving. Finally, you will receive an introduction to hairstyling. In it, you will learn the basics of blow-dry styling and finger waving, as well as techniques for styling hair into braids and locks.

Milady is the leading provider of comprehensive cosmetology educational and professional solutions for over 80 years.

This book helped (and still helping) me with gentlemen's (including the little fellows) hair cuts with clippers and scissors. Thanks.

I found this book to be well detailed though a little out dated. Needless to say this Pet Groomer can now cut her husbands hair and he no longer looks like a poodle:)

Definately not worth the money! I probably will never shave a man with a streight razor or givea man a face massage. Maybe o.k. if your a barber wanting to add a few tricks to you barbering servicebut you probably would already learn them in barbering school.I thought I was getting a book that would show me how to cut men's hair. The title was misleading. It only showed how to cut the men's hair on the face, not the head.

The book was not worth the cost. The Information in the book was all covered in the basic milady manual. If you do need basic step by step procedures this book did have that. It also had very basic information. If your looking for advanced information or techniques its not a good source for that information.
