Customer Reviews

Massad Ayoob is the "grand old gentleman" of the firearms training fraternity. This short excerpt from his writings is an excellent summary of how to choose your ammo for concealed carry. While a bit out of date on some of the latest offerings, the thought process is still right-on.

Massad Ayoob is a name well known in the weapons and self defense world. Gun Digest presents these great little nuggets that are focused on particular topics. If you are interested in a particular topic but are not interested in buying the entire book, this is for you.

Not a lot of meat about the CC Ammo except penetration issues citing ballistic gelatin studies, you

get what you pay for

Excellent info, as expected from Mas!

learned a bunch of info. great stuff for all new or vet to concealed carry. Never use ball ammo for CCW only range time.

Very good and well written. I am a new CCW and this book goes through several fundamentals. It encourages us to be responsible carriers and be ever vigilant.
