Interesting content but this is definitely an academic reading and not for leisure or for fun necessarily...unless you're Leslie Knope and then this is your ideal read and you are my best friend soulmate.

School is great.

This is a fantastic book. While it is required for a class I had, it reads much easier than a typical text book, as it is a compilation of the works of many scholars on public administration.

Great book I'm still using it since my class is not over yet.

Good book with useful info

Almost like a new book!
