Star Wars: Legacy II Book 1: Prisoner Of The Floating World

Synopsis

From the creative team of Corinna Bechko and Gabriel Hardman, (Betrayal of the Planet of the Apes), a new hero is introduced to the Star Wars saga: Ania Solos, the great-great granddaughter of Han Solo and Princess Leia Organa. Ania Solo is just a girl trying to make her way in the galaxy - and have a little adventure along the way! But when she stumbles upon a broken communications droid and a missing lightsaber, a little adventure turns into a whole lot of trouble... for Ania and her friends! Suddenly on the run from local police and a determined Imperial Knight, Ania discovers that one little lightsaber seems to be the center of a much bigger plot, filled with impostors, prisoners, missing planets, and the Sith!

Customer Reviews

spoilers of other star wars stories (novels) possibleBeautifully drawn, nicely told, yet nothing spectacular in its own right.It might have been nicer if the story started with a family tree, so we know how our heroine's lineage goes back to Han Solo. Given the fact that Jaina was the only Solo child to survive long enough to actually marry...I'm wondering how the Solo name survived, unless Jaina and Jag's kids got the surname Solo and the other got Fel. Not sure how that worked.Anyway, so we've got this kid from a humble background, junk yard sifter this time, and she's got a mon calamari friend named Sauk. Incidentally, he seems there just to provide her somebody to talk to so she doesn't come across as crazy talking to herself. I sort of wish they made his character more

useful. There's still hope that they'll do that in the future, but so far, he's just there. The new imperial knights and the new sith are no different than the thousands that came before them. To be honest, the graphic novel's not that long and it still took me 3 days to read. Ania's kinda cool. I wonder where they're going to take her. I started reading the first legacy books but stopped after about 3. This book's good enough to interest me in volume 2, but if the series is headed for 7 or more like the Legacy 1 arc...I'll probably quit after 3 again. I want to know more about the Empress. She's probably related to Ania. That's a conversation I'd like to see. Okay beginning and middle, decent end. Redeeming factors: artwork is nice; Ania has potential; the end worked well, balancing the incentive to read on with the satisfaction of bringing the story to a close.

This is all considered non-canon now and falls under the category now listed as Legends or alternate timeline. Personally, this timeline will be canon but even without factoring that personal opinion in, I loved seeing the far future of the Star Wars family names we have all come to love and hate. If you are a Star Wars fan, I highly recommend checking out this graphic novel series. If you are not a SW fan but love science fiction and graphic novels, I recommend checking it out, it is set up far enough in the future that having no knowledge of SW characters really will not hamper your enjoyment.

Legacy Vol 2 is alright. It's definitely not as good as Legacy proper. It has a few connections but not much. If you're a completist like me or REALLY loved the Legacy era read it but if not you aren't missing a whole lot.

As a huge fan of Star Wars Legacy Volume 1 with Cade Skywalker and crew, I had very high hopes for this second volume. At the start the book was a little slow, but it did pick up and turned into a pretty good story. I hope to see maybe a little of Cade as the series continues, but the new characters are promising. Overall not as good as Legacy Volume 1, but not too bad of a sequel.

Ania Solo, a descendant of Han Solo, has stumbled onto a Sith Lord's plot to take control of the galactic Republic, and become the sole ruler! And, like her famous ancestor, she has acted at a critical moment when the Sith Lord believes that he cannot be stopped! She's at least slowed the process of the plan and given the Jedi and Imperial knights a chance to stop the Sith Lord's plot.

I may be a star wars lover but star wars legacy has put twists on when you thought it was over and I

know a lot about star wars I could have never predicted this I love the series.

I enjoyed this first part ,ready for book 2....good story and start so far ,can see where the new movie had its plot

thanks...
