Home From The Honeymoon: The Newlyweds' Guide To The Celebrations And Challenges Of The First Year Of Marriage

Synopsis

The honeymoon's over. Now what? Couples who spend months—even years—planning their weddings are often unprepared for the transition to married life. As Sharon Naylor shows, however, the first year of marriage doesn't have to be a gauntlet of conflict and unmet expectations. As Naylor explains in *Home from the Honeymoon*, newlyweds can choose to focus on all the romantic firsts they're enjoying together: setting up their household, celebrating holidays, and savoring their new social life as a married couple. And they can survive—and learn lifelong lessons from—the inevitable battles over matters large (sex, money, meddlesome in-laws) and small (clutter, weekend plans, what color to paint the living room). Because the book is also a journal—with lots of space for jotting down milestones and memories—it will be a keepsake that married couples will relish revisiting throughout all their years together.

Book Information

Paperback: 256 pages

Publisher: Stewart, Tabori and Chang (May 1, 2009)

Language: English

ISBN-10: 1584797606

ISBN-13: 978-1584797609

Product Dimensions: 6.5 x 0.8 x 8 inches

Shipping Weight: 13.6 ounces (View shipping rates and policies)

Customer Reviews

Sharon Naylor is the author of more than 35 wedding planning books. As a noted wedding expert, she has appeared on Good Morning America, Primetime, ABC News, and other TV programs. She is the resident wedding Q&A expert at iVillage. Naylor lives in Morristown, NJ, with her husband.

After all, does it not say in *The Book of the Law: Liber Al Vel Legis* that we should have "A feast every day in your hearts in the joy of my rapture!" (AL II:42). Well, while this book does not

offer a celebration every day, it comes pretty close with all of the little things that they talk about celebrating. Some of these things are really creative, and I think that the book could be repurposed for a lesbian couple, but the fact of the matter is that this book is very heterosexist and I think that kind of bumps my rating down to three stars. While it is true that marriage equality has not been achieved everywhere yet (least of all the US), I do not think that it is too far off. Shame though, aside from that - it could have been a phenomenal book.
