Customer Reviews

What an awesome collection of pictures to color. I ordered and received this book for my birthday. Just in time to color. What fun it was to color some of the pictures in this book. I have attached one of the pictures that is in process. Nathaniel Wake has done a great job of putting together a

collection that most everyone will enjoy. I haven't had this much fun since I was a kid. And that was more than 60 years ago. I know that I will have many hours of fun while coloring the pictures in this book. Looking forward to more of Nathaniel's works. I have rated this one a solid 5 stars. Also a great price on this book. You will enjoy this one. You will want to get a set of colored pencils to finish your pictures.

I had never heard of Nathaniel before. By word of mouth I discovered this amazing artist and ordered. I am so pleased with this book. Nice thick pipework. The paper is amazing. I like variety and this book definitely has that!!!!

I bought this book along with several of Nathaniel Wake's other books, I haven't had a chance to color in this one yet but love the pictures.. I am waiting for him to release more books..

Great patterns and shapes, no bleed through

There is a wide variety of doodle type art in this book. It has slightly thicker black lines, which is perfect for my markers, as they tend to feather out. With this, they don't bleed across the lines. Each picture is on single sided blank back pages. I put a couple of blank pages behind the one I'm working on to protect the next page. Can't wait to color more from this book!

Another great adult coloring book from Nathaniel Wake. The pictures are lovely and will provide a great stress relief or just to pass the time. There are 50 wonderful images for me to color. Some with just designs, some with animals and some you have to look closely to see the pictures within them. All are done with immense detail. I really love this coloring book!
