Why The LEFT Hates Trump

Synopsis

A humorous look at modern day American politics. The LEFT is way out there on the fringes and will do anything or say anything to get their candidate elected and control the masses. Some call them Liberal Progressives (aka Fascist Socialists) and they know better than you how to run your life and know nothing of our Constitutional Republic.

Customer Reviews

Good book with many important points. If you have any friends that are still Democrats, this book is essential reading.

A different concept in writing.

Very factual read.

I totally enjoyed this book. Have read all the Presidents books as well. And re-read the constitution and bill of rights, which I read in seventh grade in Catholic School in New York. These are not the children of baby boomers, but their grandchildren. Brought my kids up, as I was brought up. Don't understand what happened to so many of these kids. They're spoiled, entitled, and never told no. Told that to my daughter-in-law. They complain they're lazy, then get annoyed, when you point out it's their fault. No responsibilities given them, and no consequences for their actions! I voted for President Trump, who is two years older than I, because, like him, I'm totally fed up with the nonsense. Thank you Tom. Reading your book, made my night.

I would recommend it to my sister who is scared to death of Trump. I very much doubt she would read it. Think it was great. On Facebook I know of a few staunch liberals who say they will never recognize Trump as President. Very good, irritating book for being that sort of person. Thanks

Basic. Good if you don't follow policy making, voter profiles, 20th century history.

Not even worth the \$0.99. You can find this sort of stuff on blog sites for free.

I loved the humour, and the truth. Unfortunately no leftist will read it. It's a great pity as they would benefit from it.
