Of Swedish Ways

Synopsis

Here is a book filled with the sights and sounds of a people steeped in a background of fine old traditions. It is a charming account of Swedish customs that goes beyond their democratic monarchy, their progressive social-welfare programs, their avant-garde movies, and their excellence of design. For Swedish-Americans this book will have special meaning: the joy of reminiscing about those traditions (some possibly forgotten) that enriched and helped shape their lives. For their children it is a journey to a world they may not know of first hand. And for the tourist it affords a unique behind-the-scenes look not to be found in travel books, and is certain to enhance the pleasure of their visit.

Good indication of why many things happened in my childhood. Good book

Of Swedish Ways is an excellent book to inform about customs, etiquette and other things about Sweden. I have been to Sweden and this book gives perfect instructions. Recently purchased copies via .com for all of my nieces. They are pleased.

An interesting read to discover more about Swedish customs and the Swedish people. I thought it

needed a "updating." Still looking for another "more current" source.
