Review of Race the Wild Book #1 [“Fans of survival stories, adventure, puzzles, and mystery will enjoy this book.”](#) - School Library Journal

Kristin Earhart grew up riding horses, pestering her cat, and reading books about amazing animals. These days, she lives with her husband and son in Brooklyn, New York, and writes books of her own. She still loves animals. But now, when she pesters her cat, the surly cat pesters back.

My 8 year old son loves reading this series. He really enjoys realistic fiction and I like that he is learning while he is reading. He is almost done with the last book in the series and is searching for something to read while waiting for Next Ranger in Time to get released and another book from this series to be published. I would definitely recommend this series as a mother and a teacher.

We sped through books 1 & 2 in paperback. We didn't want to wait for the next book in paperback so bought the Kindle edition of books 3 & 4. I liked the story and how each chapter ended with a creature feature or information about an ecosystem. I already recommended it to a friend. My kids are in 1st and 3rd grade. I read this series to them at bedtime.

Love this book series. A great read for kids and adults. Everyone learns about animals and geography!

My son is enjoying these series books and read half in 1 evening.

Between fiction and non fiction, My kids enjoyed this series!

These books have gained the interest of only a nonfiction reader!

Made my niece very happy!

My 8 y.o. son gave it four stars. He loves this series and can read one book per day.
