Customer Reviews

The book is full of grammatical errors. I really expected the book to be a good resource, judging from the other reviews. However, the information in it is basic - I was expecting more than just basics for book about mastering social media marketing. The errors in grammar and punctuation also got in the way of a smooth reading experience as well.

The world has changed, how we communicate has changed, one click of a button and you've got yourself a video broadcasted across the world, a message viewed by millions, an advertisement that is seen by select people. Google +, Facebook, Twitter, Youtube, Pinterest. These are just some of the major social media platforms that have changed the world. Understanding this and knowing how to leverage this for your business or for more exposure is a must have for any entrepreneur or big or small business owner, being able to connect the family to help on a business, having meetings across seas over the internet. the world has changed we are able to be so far apart, yet stay very close and connected with the push of a button. This book will teach you the basics of these platforms. leveraging them to benefit you and your business, understanding the different options one has to be able to market themselves efficiently and effectively, if looking for a quick start guide in the world of social media, and understanding the basics if you want to get ahead of the curve. definitely, try this book!

I don't usually write reviews but I have to let you know how poorly written this book is. I just received the book today and was anxious to learn more about using social media. After spending 15 minutes trying to get through the the first 2 chapters, I put it down. It's so poorly written that I can't keep reading.

I always wanted to do jobs which are dynamic and one of these is marketing. Marketing on Facebook in the past few years is a new part of marketing and I wanted to find out more about it because I wanted to start a new job. So I was looking for new book about it and I found it. I was

really surprised when I read this book and thankful that I find it. In this book I read more about social media marketing, marketing on Facebook, some ideas and strategies for this part of marketing. Also in this book you can find and some easy explanations about Facebook marketing that you can follow. Only for me this book is very short because I wanted to find out much more. I recommend this book to all people that are interested in Facebook marketing to read it and find out more.

By the help of this book I have learned about brand recognition, lower marketing costs, research techniques and much more. This book showed me tons of features that are available for me. If you are a business person who would want to try social media in promoting your book, this book is just for you. It starts off by discussing the benefits of social media in promoting your business. This book introduces me with the different features of each of the social media platforms in details.

Social media is an interest to many like me. I have followed this book and have become benefited. If you are interested about it, you may go through this book. It will provide you each and every information concerning Social Media. Here you will get general tips on using social media marketing. Social media tools and 25 tips to social media marketing success are delivered here clearly in a very easy direction. I had a curiosity concerning this and this book has satisfied my thirst fully. Now i am thinking about it seriously.

This book will explore how to shape Facebook into a business tool by reaching out to a target audience and keeping them involved in the every day events of the reader's company. Facebook is undoubtedly one of the most popular and well-known social media platforms out there today. Many of the least tech savvy members of modern society are taking part in the online platform. Some use it to connect with old friends from high school or college; others use it to secretly plan birthday parties.

With the right information, careful study and frequent practice, you can take your place online. This book will certainly help you how to use social media to promote your products or your company. It focuses on the 4 popular online platforms - YouTube, Facebook, Twitter and Instagram. It teaches you the different strategies on how to dominate on these websites and use them to the fullest at your utmost advantage. Use social media to the fullest at your best advantage!
