Roger Priddy's passion for educating children through fun, informative and engaging books has led him to create some of publishing's most enduring and successful non-fiction early learning books. Roger lives in London and has three children, who have been the inspiration behind many of his best publishing ideas.

My favorite book to include with baby gifts. One word with one photo, thick pages and small book for little hands. When I was a nanny this is the book we'd read over and over again and the little ones would always pick up words quickly due to the simplicity of it.

Our baby keeps picking this book to "read" through when she has a choice of 3 or 4 others. Book keeps her focused for quite some time.

Sent to my 7 mo old Grand son. One of his favorite books.

Recommend by a teacher to help a toddler become more verbal.

I got this along with the other 2 bright baby books I saw on here (colors and first words) for my book loving 18 month old. He absolutely LOVES them! we have other books similar, but they all have several items per page and he seems to really love that each page is only one thing. He focuses right on it and says all the words he knows and animal sounds. :)

Good product!

As expected.

My 13 month old was starting to speak. I bought this book to help him build the vocabulary. He love this book and has learned 30-40% of words before losing interest from remainig words...He has though some favorites in this book like chair, ball which keeps him coming back to this book. Since he loves this book and keeps coming back to it to read again and again, I consider this book a success!
