## Customer Reviews

"Neville's teachings add a dimension that I hadn't really contemplated in depth until now."- Wayne Dyer, bestselling author of *Wishes Fulfilled*

"*The Wealth Mindset* is a gift from Tim to adepts and beginners alike. I was amazed at how many nuances I missed in my previous readings of Neville. Instead of peeling away layers, this book cuts right to the core of what you need to know to get to where you want to be. It's concise, precise, and incisive. Take these easy steps: Gift this book to yourself, read it, and apply what you learn. What you learn will be one of the best investments you ever make."- Patrick W. Edwards, Reviewer

"Of all the metaphysical systems with which I am acquainted, Neville's is the most evidently magical."- Israel Regardie, bestselling author of *The Golden Dawn*

"All I can say is incredible! A must read! Neville's awareness and ability to impart it in simple, yet such powerful words continues to amaze me."- Connie Fox, Reviewer

"I love Neville Goddard's works, and Tim Grimes shares his works in a wonderfully beneficial way. Neville's messages spoke to me more powerfully than ever before in this little book. A must-read."- Amy Oler, Reviewer

"Neville may

eventually be recognized as one of the world's great mystics."- Joseph Murphy, bestselling author of "The Power of Your Subconscious Mind" "This book is profound. I've read other books by Neville, but this one really got me (or I got it!). If you're ready to take charge of your life, step into your power and have your dreams come true, read this book."- Ynolas K., Reviewer "There are all of these great books out there such as this one where it tells you that you have to put thoughts and desires into the universe, but with exception of this book, all of the other books are missing one key aspect that this book finally explains. This is not only a 5-star book, it is also an absolute must read for everyone!"- S. Marks, Reviewer "Neville was able to clarify the nature of God and God's relationship to every person. He spoke of God in intimate terms as though he knew God very well, which he did."- Roy Eugene Davis, founder of the Center for Spiritual Awareness "This is a great read to realize the potential that lies in you to be discovered once you start thinking of your life from the end to the beginning. If you can imagine it, you can have it, if you will accept it and receive it. The Law of Attraction at it's finest!"- Antonio B., Reviewer "Finally a book that makes sense."- Lotsabooks, Reviewer "Goddard's understanding of metaphysical principles as related to Scripture and faith lived out, as intended, is profound and timeless."- Sharain Clark, Reviewer "I read a lot of this type of material, and no one does it better than Neville. This volume in particular is both eloquent and succinct in passing along the ideas that make all the difference for creating what we want our world to be."- Jeannette Maw, Reviewer

NEVILLE GODDARD (1905–1972) was one of the great self-improvement teachers of the 20th century. His strikingly practical interpretation of the Bible has helped thousands of people transform their lives, and remains some of the best spiritual advice ever recorded in American history. Neville was a master at explaining how the Bible could be understood metaphysically. This three-part guide reveals several essential and underrated aspects of Neville's philosophy, taken from material he presented in 1953, at the peak of his speaking career. TIM GRIMES is a stress management specialist focusing on underappreciated aspects of the mind/body relationship. He has published multiple bestselling guides on stress management and work-life balance.

This book is profound. I've read other books by Neville, but this one really got me (or I got it!). If you're ready to take charge of your life, step into your power and have your dreams come true, read this book. It's not always easy to digest that we create everything, especially when we're convinced it's our annoying co-worker's fault, if only "they" were nice to me or if only I had more money, went

to a better school, etc. I'd feel better - it's easy to blame something or someone else for our annoyances or lack of fulfillment. However, Neville reveals how we are the cause and we can use our power to change our reality to one that we would like. There are many teachers that teach a similar message, but Neville's succinct and clear message reaches me. Be prepared to take notes and highlight important sections. It's a small book, but packed with life-changing wisdom. One issue I had is that I only had the option of buying the kindle version. I'd like to have the actual book, so I may underline certain points. Happy reading and best of luck on your journey.

Neville Goddard did it again..This truly was a book that all should read,if you want to change you mindset,for only you can change YOU...it feels so good wanting to be the best that you could be, but putting it to practice is amazing once you give in to yourself and pay close attention to your actions,feelings toward others and wishing all people well. This book is sending me on a life changing journey...Thank you, Neville.

This book is a short but powerful book on self actualization and manifestation. This is a great read to realize the potential that lies in you to be discovered once you start thinking of your life from the end to the beginning. If you can imagine it; you can have it. If you will accept it and receive it. The Law of Attraction at it's finest!

Older book based on a number of biblical principles. It wasn't exciting but it had some very good information.

Very short and concise, but profound and enlightening! Very clear and to the point. I highly recommend it to everyone, specially to people who are interested in getting a deeper understanding of the Bible.

Great book....but then again, anything regarding Neville Goddard is great!

This simple little book is easy to understand but powerful in its contents, is a joy to study and share. Neville is always profound but this book is so to the point cutting away any need for lots of explanations. It is a wonderful how-to book for wealth and anything else you desire to acquire. It will always remain one of my favorites.

Neville Goddard's writings are so uplifting and effective. This books has so many gems that help keep my thoughts full of prosperity and clarity.
