Customer Reviews

The Busy Book series enables author JOHN SCHINDEL to combine his love of animal photography with writing for children. He lives his busy, busy life with his two daughters in Oakland, California. CASI LARK lives in Pulaski, Wisconsin, on a 40 acre farm where she keeps Spanish Mustangs. This is her first book.

My daughter is 2 and a horse lover. The pictures are very nice in this book and the reading is very simple that she is able to recite it herself as we look at the pictures. Would recommend it for any kid that loves horses.

My toddler loves this book.

We love this book! I was looking for one for my neice's new baby. Since being a horse person like her mother, I wanted to get her a horse book so the baby would growup thinking about horses. What a wonderful book! I bought 3 board books for babies. I had a shower for my nephew's wife's baby shower plus an extra one. My girlfriend, grandmother of new baby, and I love this book so much that my girlfriend now ordered one to give to friend of her daughter for her baby shower. I think this book is such a fantastic enjoyable book about all horsies do. I kept a copy for myself. I am sure I will be buying more in the near future. Maybe Christmas. Thank you very much for the best horse book ever.

Cute little horse book. My 16 mo old grandson really likes horses and he is interested in every page. He gets really excited when he sees the real thing across the road when he visits us, so he likes the natural pictures of real horses which this book has. The other day I had to read it 5-6 times in a row! It's a board style book so it should last a long time.

I got this for my daughter's 2nd birthday, along with 2 other horse/pony books, because she is obsessed with horses and ponies!! The book is super cute! My daughter was very excited to get this and loves it!! I definitely recommend it!!

Captured my granddaughter's attention for a short while. It's made to fit little hands, but the pages are hard for her to turn. Nice colorful pictures, though.

My 1 year old son loves this book. The pictures are beautiful.

Great gift!!
