Etiquette Guide To Japan: Know The Rules That Make The Difference! (Third Edition)

Synopsis

Farewell to faux pas! Minding your manners is an acquired skill, but what serves you well elsewhere could trip you up in Japan. Save yourself possible embarrassment with *Etiquette Guide to Japan*. An inside look at Japanese social graces, it answers all the questions of the thoughtful traveler.

Extensive, specific information on Japanese business etiquette assists readers traveling to Japan for business. Although often overshadowed by a modern facade, long-standing traditional aspects of Japan's culture still influence the country and almost everyone in it. Concrete evidence of this traditional culture can be seen everywhere—in the ancient arts and crafts that are still important parts of everyday life, in the many shrines and temples that dot the nation, and in the modern comeback of traditional fashions such as kimono and yakata robes. To many Western visitors, however, the most obvious example of this traditional culture's strength is the unique etiquette of the Japanese. Like many nations, Japan has experienced vast political, social, and economic change over the past century. But enough of Japan's traditional etiquette remains to set the Japanese apart socially and psychologically, and to make success in socializing and doing business with them a special challenge for Westerners. About this new version: This updated and expanded edition of the best-selling Japanese etiquette guide addresses not just the puzzling protocols relating to name cards, bowing or shaking hands, bathrooms and public baths—but also what to do when entertaining Japanese dinner guests, attending a Japanese tea ceremony, taking the subway, and much more! It also provides the latest etiquette in mobile phone manners, texting, social media and other forms of digital communication. The glossary at the back of the book has been revised to include the latest technology-related words and expressions used by Japanese today. Two new chapters address the changing role of foreigners in the workplace and the contemporary business style and etiquette used by the younger generation of Japanese who are now increasingly cosmopolitan—but still very Japanese!

Book Information

Paperback: 192 pages

Publisher: Tuttle Publishing; Revised edition (September 15, 2015)

Customer Reviews

"A good guide to the often complex rules of Japanese etiquette." [Book Mice blog](#)"Quick read with lots of interesting tid bits. Not only are rituals explored but also the ideas behind the rituals, so you learn about the behavior and the spirit of the Japanese." [Goodreads](#)"The material is, for most part, very well-written and researched, which is not surprising given the extensive experience of both the author and the editor. [[Amazon](#)] Their writing exemplifies a certain type of professionalism which is absent in many informal blogs on Japanese culture." [Self Taught Japanese blog](#)

Boye Lafayette De Mente has been involved with Japan, China, and Korea since the late 1940s as a member of a U.S. intelligence agency, student, trade journalist, editor, and author working out of Tokyo, Seoul, Hong Kong, and Singapore. He is a graduate of Jochi University in Tokyo and The American Institute for Foreign Trade (now Thunderbird: The School of Global Management, in Glendale, Arizona). His 70-plus books include Japan's Cultural Code Words, Business Guide to Japan, and Japan Unmasked. Geoff Botting has lived in Japan for more than a quarter century, long enough to witness Japan's economic bubble, its bursting and the changes that came in its wake. He is a freelance translator and print and broadcast journalist, specializing in business issues. He has a degree in economics from the University of Victoria in Canada and a diploma from Kai Japanese Language School in Tokyo.

Great book for anyone interested in Japanese social & business customs. Casual readers and 1st time travelers will find this to be the perfect crash course in Japanese etiquette. Aside from a few black & white photos, there are no visuals to speak of, but don't let that dissuade you! Brief, well-written chapters; Casually written for general audience with the last several chapters focused on doing business with the Japanese. Great, up-to-date resource on everything from dating, to eating, gift-giving, and MUCH more.

Very useful if you don't want to screw up and helps you not to offend traditional and modern

Japanese culture on your trip to Japan. Especially with elders and adults.

Well writtten, informative and useful book for someone who is curious about the cultural practices of Japan or plans to visit and would like to honor their ways while there. I recommend it.

A very good guide for non-Japanese to understand the cultural habits of Japanese. It is all too easy for people to behave offensively in Japan. I knew a lot before reading this book, but I was surprised by how much I did not know. Well worth buying and reading!

Very helpful and enjoyable to read.

My son is moving to Japan so I picked up this book for him. It is densely packed with information on everything from the 3 types of bowing to expected behavior at a funeral. I found it fascinating and it will definitely help my son assimilate into the culture.

Very informative.

i love the read but i lost it before i could finish
