Customer Reviews

“Hyrum has hit another home run! With longer lifespans and improved quality of life post-retirement, Hyrum skillfully leads the reader on an exciting journey to a brighter, more meaningful experience in this most rewarding phase of life. A must-read for everyone approaching retirement, and their spouses.” - Ken Page "Hyrum is really on to something in his new book Purposeful Retirement because Baby Boomers are signing up for Social Security at a rate of 10,000 a day. But many continue to work because 65 is the new 50. In fact, multiple retirements are all the rage. I know because I have retired three times and have finally graduated to semi-retired status. Written in a lively and engaging style, there is much wisdom in this book." -Bob Ulin, Chmn/CEO, Center for Transitional Leadership, Inc. "This book is packed with wise advice for anyone staring down the barrel of retirement. I agree wholeheartedly with Hyrum Smith: you may be retired, but you can still live with meaning, purpose and energy." - Marshall Goldsmith, executive coach, business educator and New York Times-bestselling author, ranked the number one leadership thinker in the world by Thinkers50 "Hyrum Smith has contributed another wonderful piece of thought leadership! If you are embarking on the retirement journey, this is a must read! Prepare to be challenged to make the most out of these important and meaningful years so that they become the capstone of your life!" - Sandra Yancey | CEO and Founder, eWomenNetwork, Inc.

The best book of its kind that I have read so far. The material was presented well and it proved to be as thought provoking as I hoped it would be. I asked my wife to read it too so we can be better prepared for the day when we finally decide to retire.

Everyone dreams of retirement -- especially on Monday mornings. But I have seen from the experiences of my own family that when it finally arrives the reality does not always match up with the dream. That's why I love this book and recommend it to friends and family who are getting ready to retire or are starting a new stage in life as an empty-nesters. Smith offers great motivation as he explains you have more free time than ever: make it count. It's full of suggestions and stories on how people have turned their own retirement into a purposeful retirement.
