Customer Reviews

This book was required for one of my kids. The book came clean and she states it is useful and easy to follow. My Mandarin is non-existent so I can't speak to the quality of the writing. But the book itself is well made and even I can follow the pictures. It seems to progress logically. And maybe most important it looks like it will hold up for more than 6 months.

This book aligns with mandarin IB, has simplified and traditional. This is the workbook add on to the textbook, very comprehensive practices that includes writing characters to drawing in meanings. Useful when learning in conjunction with the text!

Everything was as expected.

Brand new book arrived quickly.
