Synopsis

Sliders are an art form, a modern-tapas-of-sorts . . . A remarkable slider is one that allows you to evenly taste all of the delicious ingredients within it. You can't eat just one! Way better than a cupcake, sliders are delicious and fun—and you can't eat just one of these savory, handheld treats. Indulge in the awesome world of sliders and mini sandwiches through more than 75 omnivorous and vegetarian recipes—that are more than just your usual mini burger—complete with homemade breads, buns, and sauces. Way better than a cupcake, these omnivore and vegetarian slider recipes include limitless ingredient and flavor combinations just waiting to be squeezed between two buns. Sliders are the perfect bite that can be served as an appetizer, tapas, entrée, side, or midnight snack. The Slider Effect focuses on these amazing, handheld mini sandwiches featuring more than 75 recipes and 65 delicious photographs designed to turn you into a slider pro. The opening chapter begins with slider pantry basics, followed by four main chapters that focus on meat, poultry, seafood, and vegetarian sliders. In the Meat chapter you'll find recipes for Grilled Steak and Potato Sliders as well as Mediterranean Lamb Sliders. The Poultry chapter will introduce you to Turkey-Bacon BLT Avocado Sliders and Chicken Curry Sliders. The Seafood chapter ranges from Fish and Chips Sliders to Shrimp Fajita Sliders. And in the Vegetarian chapter you'll find tiny buns filled with roasted beets, eggplant, polenta, and black beans. If you like making your own rolls, there are recipes ranging from biscuits to challah and from waffle to pretzel buns. And what slider would not be complete without a dab of Cilantro, Lime and Green Chile Aioli or Arugula Pumpkin Seed Pesto on top? There is no end to what you can make work in a slider! As a regular reader of Jonathan's blog, The Candid Appetite, I know how delicious and inventive his recipes are, and how beautifully photographed. I have been so excited to receive this book since I heard it was coming out a few months ago. It arrived yesterday and it's everything I hoped it would be and more. There are so many recipes I want to try, and each recipe is accompanied by Jonathan's excellent photographs. The buns, rolls, and biscuits chapter alone would be good reason to buy the book, along with the sauces, the Eggplant Parmesan Sliders, The Fried Zucchini Sliders, the Fish and Chips Sliders, the Mediterranean Lamb Sliders, etc....I could go on and on!! In addition to the great recipes, I'm truly enjoying reading Jonathan's comments about the recipes and his encouragement to give things a try, even if you might be a little intimidated by something you haven't tried before. This book will be something I go back to again and again.

Just got my copy of The Slider Effect and I can't wait to start cooking!! Love how the book is organized and the photographs are amazing!! The recipes are exciting and fresh. I really like the option of being able to make your own breads and spreads/sauces, although the sliders seem so good that if you get a little lazy substituting in store bought bread/sauce would be delicious too :D Got a few extra copies as they will make great gifts!

Perfect book to have, especially on rainy days. Recipes are truly wonderful and easy. Daughter and grand daughter enjoyed learning from this and spent much quality mommy and daughter time. Thank you for this wonderful product!

I'm obsessed with this book, it's only been 2 days and I've already considered converting (after 14 years of being vegetarian) to eating meat, just so that I can enjoy the flavor combinations that are in this book! I'm super impressed by the vegetarian sliders though, they sound magical. Gorgeous photos, great flavors and such a fun book to actually read. Can't wait to try more of these recipes.

I have always been a huge fan of Jojo, and buying his book is like experiencing how he cooks first hand. I love all his recipes.

Love the book

Simply the cutest cookbook for the cutest food! Jonathan is an incredible cook and photographer. His personality shines through this book and the food is delicious! Grab it for year round celebrations :)
