I LOVE this book! I heard the author on NPR and decided I needed to own this book. I initially intended on making one pie per week until I made every recipe in the book...needless to say that was a little too ambitious and I didn't follow that plan, but I've made many many pies and have not been disappointed by any of them!

This is a Great Pie Cook book. There are a LOT of great recipes in this cook book that every one will love. And lots of them are easy to make. This shipped Quickly and I received it fast. Good Price and in good condition. Thank you.

Good, I have to start using the recipes. Marked pages I want to try.

This cookbook has a lot of really good and informative information. Nice pictures and easy to understand recipes for all sorts of pies.

The pies in this book are so easy to make, and the ones I've tried turn out to be wonderful. I would recommend this cookbook to anyone who loves to bake.

I was fortunate enough to have been a tester of some of the recipes (namely, the vegan ones), and I can tell you that they are most excellent! During the testing phase, I would make a couple pies a week and take them to work, where they were devoured by my co-workers! Whether you're looking to make a pie just because, for a potluck, a family gathering, or whatever the occasion may be,

these pies will stand the test, impressing people of all dietary persuasions. And if you haven't already done so, do check out Julie's blog at [...] for amazing recipes and video intruactionals.

Anyone interested in food should be following the books, TV appearances, and internet cooking shows of Julie Hasson. What a treat to have a whole book of her amazing pie recipes! I appreciate the fact that many of the recipes are vegan-friendly (and are marked as such) for those of us interested in vegan cooking, or who want to make delicious pie for a friend or family member who is vegan or watching their cholesterol. Regardless of whether you are vegan, vegetarian, or omnivore, there are many pies for you here!
