Mosby's Textbook for Nursing Assistants Textbook and Workbook Package

thought we had a good price till we realized the video tutorial was in the other bundle prices

Good explanations. Easy to read.

Just what I needed without spending \$30 more at school! Thank you!

Perfect for teaching new CNA classes!

This description states a textbook and workbook. Only received a workbook and put me without a book my first week of class. I had to return the book and get a refund.

I thought this was supposed to be a textbook AND workbook. Turns out it is just the workbook, no materials in here. Very upset as I received this the night before class and now I will not have the correct materials for class.

This was a terrible buy for me because the package did not contain the workbook as was advertised, but at her only the textbook. This is very upsetting as I need the book for class ASAP. Please sell us the right things!
