Music: An Appreciation (Brief) Connect Upgrade Edition

Synopsis

What does it take to make a great performance? It takes great music, a great performer and a great instrument. Music: An Appreciation includes some of the greatest music ever created. Roger Kamien's excellence as an interpreter of that music has made his program number one in the market used by over half a million students since its conception. Now, CONNECT Kamien provides the world-class instrument that allows Music: An Appreciation to bring great music to his audience in an extraordinary new way. Music: An Appreciation is great music, a great interpreter, and a great instrument.

Customer Reviews

Roger Kamien received his B.A. in Musicology from Columbia and his M.A. and PhD. from Princeton. Kamien taught for 2 years at Hunter College and for 20 years at Queens College, where he coordinated the music appreciation courses. In 1983, he was appointed to the Zubin Mehta Chair in Musicology at The Hebrew University of Jerusalem. In addition to Music: An Appreciation, Prof. Kamien has written numerous articles and reviews, co-wrote A New Approach to Keyboard Harmony, and edited the Norton Scores. He is an accomplished pianist and, in recent years, has formed a two-piano team with his wife, Anita.

Had to buy access code! Another \$50 in addition to what I paid. No where in the product info did I see that it did not include access code.

This is a pretty good book, although it is quite costly for what it is. Then again, what textbooks aren't these days? I bought it for class, and we used it a lot, so I guess it was a good purchase.

I rented this textbook for my music roots class and when it arrived, there was a piece of gum stuck to hair clips in the first few pages of the book. I realized it would not come to me in new condition, but that was a little bit ridiculous. The book condition other than that seems to be fine though.

Definitely good for any basic Music Appreciation or general Music History class. It's not super in depth, but it gives you all the info you should need for each time period regarding music.

I love music and this book made me love it even more!

I really like the fact that I received this book in a very timely manner and that it was there when I needed it. Yes, it has met the requirements for the music class that I am taking this semester. Thank you!

I purchased this specific book so I did not have to purchase the connect access code separate and it did not come with the code even though it is the Connect Upgrade Edition!

Did not include the Kaiman connect code and required another purchase of \$50 or more to be a complete package. Misleading information, and while the book was said to be new and arrived in good shape it was not bundled and simply sat loosely in it's packaging. Needless to say I'm disappointed in the purchase and I'm unsure about purchasing books from in the future since they are allowing this to continue. It appears as if the books are being stripped of their codes, then the codes resold separately to increase costs. I wish this wasn't the case, however it appears to be so. I'm just going to borrow the CD from a friend. you've lost my confidence. (Item sold and fulfilled by , no other sources at fault really).
