Honest Evangelism

Synopsis

Hostility and hunger that's the response to the message of Jesus. The first is painful, the second is wonderful, and Rico Tice is honest about both. Short, clear, realistic and humorous, this book will challenge you to be honest in your conversations about Jesus, help you to know how to talk about him, and thrill you that God can and will use ordinary people to change eternal destinies.

Customer Reviews

Rico Tice is Senior Minister (Evangelism) at All Souls Church, Langham Place in London. Born in Chile before being educated in England, Rico spent a year working at a church in inner city Liverpool and then studied history at Bristol University (where he was captain of the rugby team). He went on to graduate from theological college at Wycliffe Hall, Oxford. As a passionate evangelist, he has spent the last few years developing the Christianity Explored courses. He is a regular speaker at missions and evangelistic events around the world.

This is a well-written, brief book on evangelism. It contains good information both on the underpinnings of evangelism (the "why") and the practical outworking of evangelism (the "how"). Tice is very clear in his writing and main thesis. It is especially helpful to see articulated the fact that evangelism is indeed hard and involves some level of pain. This would make an excellent resource for evangelism training classes in the church.

This is a very concise, honest look at personal evangelism. Not only does it describe the difficulties

in witnessing, but also the reasons we evangelize. The 2nd half of this short book, give helpful tools for crossing the "pain line". A very helpful book.

Really helpful! Grateful for Rico's perspective. Great intro book for a new believer looking to grow sharing the Gospel.

I believe the church today has a blind spot toward doing evangelism despite that being a central purpose for which Jesus made the church. Rico Tice recognizes that blind spot and speaks with wisdom and experience to teach the church to use the muscles and limbs of evangelism that it has forgotten.

This concise book is not a how-to manual with seven supposedly easy steps or canned answers. It challenges Christians to examine Christ's call to proclaim the Gospel and work through one's motives. It is very encouraging for those who are hesitant or afraid of evangelism.

Good info. Short & Easy to read. Maybe too short, could have drove points home more intensely in my opinion.

Very good book for evangelism manual for everyday people. Recommended for every Christian to read it to help them in their work of evangelism.

A great book for every believer. If you're ready to look in the mirror and do something this is the book you should read and share. You can read it in a day.
