My daughter now has every book in the series. I can't say I've read them but my daughter was so intrigued she had to have them all. I'm all about her reading. At nine years old it can be hard to get them to read real books with all the iPads,computers,t.v. ect... So it brings me joy that she's interested in these books AAA+

Yeah! A new Babymouse! We are big fans of Babymouse. My girls, 19 and 12, have been reading them from the beginning. We are always on the lookout for a new book.

It was good but super short. But over all it pretty good I liked it so I recommend it for a good graphic novel

Our granddaughters LOVE Babymouse. They read and reread all the books. A big favorite!
