Cookin' With Coolio: 5 Star Meals At A 1 Star Price

Synopsis

THERE'S ONLY ONE THING THAT COOLIO'S BEEN DOING LONGER THAN RAPPING:

COOKING Coolio started making thirty-minute meals when he was ten years old and has since developed a whole new cuisine: Ghetto Gourmet. His recipes are built around solid comfort foods with a healthy twist that don't break the bank. Start your Ghetto Gourmet adventure with some "Soul Rolls," follow-up with "Finger-Lickin', Rib-Stickin', Fall-Off-the-Bone-and-into-Your-Mouth Chicken," and finish off with "Banana Ba-ba-ba-bread" sweetened with golden honey. Chapters such as "How to Become a Kitchen Pimp," "Chillin' and Grillin'," and "Pasta Like a Rasta" will guide you through creating 5 star meals at a 1 star price. You can't find fusions like Blasian (black Asian) or Ghethtalian (ghetto Italian) in restaurants, but you can have them cooking away in your kitchen faster and easier than ordering takeout. As Coolio says, "All you need is a little bit of food, and a little bit of know-how."

Customer Reviews

Purchased this book after Coolio appeared on Celebrity Cook-Off. The book is more novelty and entertainment than it is a great cookbook. With ingredient list items such as: 1 dime bag salt 2 eggs, beaten like a red-headed stepchild cheap ass white bread You'll be struggling to take the recipes seriously, but I guarantee that Coolio's "Drunk Ass Chicken" will be the hit of your next dinner party.

I bought this for a gift-exchange for Christmas along with the "Baking With My Homies" cookie cutters and "dime bags" of spices. They were a huge hit. It's actually a really decent cookbook too, I ended up buying a second one for my own kitchen. It is truly entertaining to read, with easy to follow recipes. Worth the price!

I bought this as a Christmas gift for a roommate. She was pretty stoked when she opened it and proceeded to read a few of the recipes aloud. I have never been so entertained by a cookbook. It's not just funny though - there's a lot of useful information and quite a few good recipes. Who knew Coolio was a cook?

So my family needed some new recipes and I don't really enjoy cooking very much so if I can get some laughs while cooking, that's a good deal for me. While it's not exactly family friendly to read the recipes are delicious and loved by all the family. There are some innuendos in here that might not be enjoyed by everybody so keep that in mind.

If you haven't read this book, then you're really missing out. Like actually the funniest book I've ever read, perfect for a gift.

Bought this for a young man moving into his first place. It's hilarious, and the recipes are tasty.

Bought this for my boyfriend as a birthday gift and he loves it! There are actually really good looking recipes in here and some of the names are hilarious! We had a great time looking through it.

Best. Gift. Ever. You won't regret it! I bought one for a birthday present and a digital version for myself!
