I had lost mine last year when we moved. Bought another copy ASAP! These recipes are really easy and taste wonderful. My personal favorite were the dumplings and beef fried rice. There are so many recipes to choose from. My go to book for Chinese.

A wonderful old book with traditional recipes. I really do not know which one I would like to cook first. . . . so many great recipes to choose from. I really enjoy the photo's for every recipe and easy instructions! This is a used book so I am very happy with the book and the condition it came in. Looks like a new bookHappy cooking!

I lived in Minneapolis for a number of years and would eat at the 'satellite take out' restaurants affiliated with the Sitdown Main restaurant in Minneapolis. These had food under glass on steamtables and they would dish it up to go as it was ordered for takeout and in some areas, delivery. When I moved again, both books disappeared (this one was the first and bluecover, the later one is different and had a yellow cover). I can heartily recommend the recipes, the food is not difficult to make.

old book, but has some authentic recipes

This is the best Chinese cookbook for home cooks. Lots and lots of wonderful, easy to follow recipes. I recently replaced my original copy of this book which had become soiled and worn over the years. My favorite recipe in this book is the Curry Chicken.

Nice book. Good shipping time. Good value..

Great little cookbook recipes not too exotic. Really the kind of simple to do. I've been making the dumplings for years and always a hit. I thought I lost a cookbook so I just bought a second one. Luckily I found it so now I have a back up that's okay. I have other Chinese Cookbooks but this is surely my favorite.

Purchase this book as a gift was received in a timely order in pristine condition very pleased. I have owned the same book myself for over 30 years excellent choice for American style Chinese cooking.
