This is a Great love story, there isn't a lot of drama, but there is a lot of passion and love. Adam and

Laurie have a type of love that transcends time. Adam has a daughter he knew nothing about. Laurie chose to not inform Adam about his daughter, and that was wrong on so many levels. I like that this story did have a lot of back and forth repeating itself from the beginning to the end. The story ends on a positive note of happiness. Wonderful story!

Loved both stories, strong African American Women and their overly protective sexy Alpha males. Loved the children in both stories.

Both books was good enjoy it and can't wait for the next book I glad Everybody was happy enjoy it very good

Heavens knows writting is not easy. Story outlines are abandoned as they acquire a life of their own. There are days of drawing blanks along with lack of inspiration. Creativity is not an easy occupation. But when you publish these efforts there should at least be elements of truth, originality, entertainment, pathos something that holds the readers interest. Both of these books were almost painful to read do to the amateurish writting style. The thesaurus was not your friend. Dominant males do not act rationally to being either lied to or played. Makes a compassionate story line but it's not truth. When you write a story that been told before there needs to be a fresh twist other than falling in bed at the first opportunity. Oh, that's not original. Maybe these points can help. They were not made to be cruel. My time is important so when I read I want to tell others this was a great book. More and more indy writers are letting me down.

O, This book was so good!! Laurie and Adam find happiness. I just love how Adam waltz back into Laurie life after 5 years. Wyatt there connection came out, that was so good. Adam find out, They slowly started the relationship back up.

Good storyline and characters. Laurie and Adam finally together again with their daughter. Kate tried her best to ruin their relationship but when Adam made her see that he could sue her and he would, she came clean and confessed her scheme. Adam and Laurie got married, Wyatt is calling him Daddy and Laurie just announced, on TV, their having twins!

A very interesting story about a chef and a architect who met abroad and fell in love, but because

doubt got in the way they parted. Five years later they meet again and realize that the love is still there in spite of the obstacles they faced.

I love Ciara Cole "rekindled " love stories... Her characters always strong..., and carrier's oriented women with a mind of their own.Love Adam and Laurie and little wyatt ...The bonus book, I have read it already... keep writing!
