Garfield Rolls On: His 11th Book (Garfield Series)

Synopsis

You just can't keep a good cat down. And with Garfield you'd need muscles to do it, anyway. This is the frisky feline's tenth collection and is full of the antics and acrobatics you know and love him for. As a bonus it also features an interview with Jim Davis about how he became a cartoonist!

Thank you!!!

Another great entry in the newly FULL-COLOR series of the fat cat's early adventures, as he continues to make life hard for his owner Jon, and the dog, Odie, whenever he's not eating or sleeping.

If you like GARFIELD you can reread his daily/weekend comic stripes.

REALLY FUNNY. if you like Garfield read this book.

This is exactly what I was looking for! It has a good strong cover which seems like it will last for a long time. I bought it for my library and hopefully everyone there will enjoy it as much I do!

You can never go wrong with a Garfield comic book. It came on time, in great shape and it is great.

I love all of the Garfield books, and this one, too. I am trying to collect all of them, and I have most of them, except for the most recent ones. If you want more Garfield, you should get the fat packs, with 3 volumes in each one.

It looking back, I thought I was in a different universe when...ANOTHER Garfield book came out after Book 10. If anything that surprise, curiosity of what was next for Garfield, and (in my estimation) probably the best cover of the series made this book better than it really was probably in retrospective. Just as good as Book 10 which was Better than Book 9, but Not as Book 8. Good read of course.
