# Random House Webster's Pocket Japanese Dictionary

## **Synopsis**

Random House Webster's Pocket Japanese Dictionary is primarily intended for two types of English-speaking users: those who have no knowledge of the language and those who have some knowledge of the language but still need a dictionary to explain grammar, words and phrases. It should prove an indispensable tool for anyone needing a bilingual dictionary that presents basic vocabulary of both languages in an accessible, easy to use format. Includes: Over 20,000 entries Japanese-English, English-Japanese translations Romanization and Japanese characters

Includes: Over 20,000 entries Japanese-English, English-Japanese translations Romanization and Japanese characters

It's small and not bulky but contains a lot of useful definitions for times I'm not allowed to have a phone or my electronic dictionary out. Which is very useful in school.

The one pictured is not the one I received. The one I got is quite a bit smaller (about 3"x4") and has

a green and yellow vinyl cover. It's still a great dictionary (which is why I gave it 3 stars), but it's got that tiny print that is kinda hard to read. I am going to keep it, because it will be good to keep in a pocket while out and about, but I am still gonna try to find the one I really wanted elsewhere.

Nice size if need to carry around, but only after couple uses, the pages seem to be coming apart. Not the best quality binding.

This product is great! I speak some Japenese, but when I forget a word or two, the book has it. I can't think of a word that is not in this dictionary. It is Japenese-English and English-Japenese. It has the word in English, Japenese, and Japenese with English pronunciation. It has a section where it shows how to pronounce Japenese characters. It also has a section of Japenese grammer. The book is small, but not too small. I can just quickly and easily stick it in my pocket if I were to go to Japan. I am glad I bought this product.

I purchased this to fill a need and after reading previous reviews selected this pocket dictionary... I have not been disappointed! Yes, it could be smaller (and not pink!) but so far I've found probably 85-90% of the words I'm looking for in some form or other. No it won't replace Rikaichan or another digital dictionary but when you don't have access to those this is the next best thing...

Just carried this with me to Japan. It saved me several times. Definitely a good one to have handy.

its very small about an inch thick and works as intended, its a dictionary and works great for what it needs to do

Very handy, very useful
