If you like multiple-choice question format after reading, this is an easy daily supplemental reading. If you are starting homeschooling and need help to quick locate different type of reading style look like, this will be a good choice as it has weeks and days for students to follow daily. My 3rd grader like to do it in additional to her regular reading.

I am a fourth grade teacher but still have students reading at a lower level. this is a great short assessment.

Excellent homework practice of all the reading skills. The stories are meaningful and interesting to the children.

These daily passages are perfect for morning work, a guided reading warm-up, or homework. As a teacher, I am constantly grabbing for this resource. As a parent, I would use this as homework. Great prep for state testing.

Great Product

an excellent resource

I love this book! During a quick quiet time to help us regroup and refocus during the afternoon, students can quickly practice their skills of scanning and comprehension. This is a real confidence booster!
