Mosby's Textbook For Nursing Assistants - E-Book

Synopsis

Master the essential skills of today's nursing assistant! Mosby's Textbook for Nursing Assistants, 9th Edition prepares you to work in long-term care, acute care, and subacute care settings. Known for its comprehensive coverage and an easy-to-read, visual approach, this book includes step-by-step instructions for over 100 nursing assistant procedures. New to this edition is a practice scenario in each chapter to help you develop problem solving and critical thinking skills, as well as Focus on Math boxes that highlight common calculations done on the job. Written by well-known educator Sheila Sorrentino and expert co-author Leighann Remmert, this market-leading text emphasizes the importance of teamwork and communication – two elements critical to being an effective nursing assistant.

Customer Reviews

Finally received the correct book from . Overall, it was helpful when it came time for certification testing. However, the written test has probably about 40% of their questions from this book and the rest from the Red Cross Nursing Assistant book. What helped were the step by step instruction for

each skill.

I got my book, and it was very helpful. I graduated last month. And to have this book as a good reference is helpful at all time. I'm do glad that I purchase this book.

It was definitely a USED condition, but it got the job done.

received it on time and happy with product

Good

Great!

Purchased for a client, she is very happy with it.

Textbook arrived in great condition. Thank you!
