Customer Reviews

This is, hands down, my favorite book so far in this series. And I'll tell you why. As mentioned in some of the less favorable reviews, the other Kindred brides were flawed and weak, having to overcome their own issues before they accepted the bonding with their Kindred males. There was a lot of drama, see-sawing back and forth, which makes a good story, but can be a bit drawn out, like with Lauren and Xairn. But, with Nadiah and Rast, it was the total opposite. Rast was the person that had issues to overcome. We were introduced to Rast in Found, and he wasn't a very likable character. But, we knew there was more to him than met the eye. He was, after all, a Kindred, he just didn't realize it. It's his past and what type of Kindred he is that takes up down this fun story line. Once I understood his background, the loss of his dear, older sister, and how his mother and father perceived him, I couldn't help but feel for the poor guy. Nadiah, on the other hand, is a great strong female lead. Though young, she knew she always wanted to be bonded with a Kindred Warrior. But her pure blood Tranq Prime parents had other plans. When she was barely a baby, she was blood bonded to another pure blood Tranq Prime male, Yâdew. Yâdew is a cruel, evil man, who you'll love to hate. He only sees Nadiah as a possession, someone he can torture through the blood bond their parents established between them. The only way Nadiah can break the blood bond is if a Kindred warrior challenges Yâdew. Even though everyone thought Rast was Human, and not Kindred, he accepted the challenge, and him and Nadiah went to Traq Prim to challenge Yâdew. This is my favorite part of the book. Because it was Rast going through the inner turmoil's, I feel we get to know him better than any of the other Kindred warriors. Even Xairn. I feel Nadiah and Rast make the best couple, so far, out of all the ones we've been introduced to at this point. My only complaint, which I mentioned before, is all the proofreading errors. At this time I've already read book 6, and Evangeline did finally hire a better editor, but there are still problems in book 6. So, sadly, I'm going to have to bump my review down to 4 feathers. If you're looking for a long alien romance series, you need to give the Kindred Brides a try. I highly recommend it.

This is hands down the best of the series and my favorite so far. The couple, Nadiah and Rast, were both introduced in earlier books. Nadiah is the cousin of Sylvan the Blood Kindred warrior of book two. Even as a young girl in book two she is fair, strong-minded, and doesn't share the prejudices of her parents against Tranq Prime descendants who are not of a "pure" Tranq Prime bloodline. She greatly admires her Kindred cousin and wants to marry a Kindred warrior of her own someday. Unfortunately, her parents blood-bonded her to a pure-blood Tranq Prime male when she was only

six years old. Her fiancé Y'dex is a cruel, petty man who views Nadiah as a possession that he can control. Rast is a former police detective. In the preceding book *Found* he is not a likeable character, but even though he and Nadiah don't get along, there is an underlying attraction. Nadiah, now grown, is visiting the Kindred Mother Ship and is a participant in her cousin's wedding. Her parents are pressuring her to return to her home planet for her formal claiming. Her fiancé is pressuring her by exerting excruciating pain through the psychic blood bond, and finding pleasure in causing her agony. Rast has now accepted and acknowledged Nadiah's gift of the Sight, and their relationship is no longer antagonistic. He finds out that a champion can challenge a fiancé in some type of competition to break Nadiah's blood bond to Y'dex, although in the past history of her planet only a Kindred warrior has proven strong enough to break a blood bond. Rast is from Earth. The story travels from the Kindred Mother Ship to the planet of Tranq Prime, then to the Kindred First World. There are many twists and turns to the plot and the story definitely keeps you engaged. The only flaw I found in the story is a minor one: in the last book Rast held a low opinion of Nadiah and his contempt and rudeness towards her was the reason for her reciprocal disdain for him. In this book his perception of her changes rather abruptly. Other than that quick about-face, the plot twists were well-handled. Rast's character is redeemed in this book, and you will be rooting for Nadiah and him to overcome all the obstacles in their path so they can be together.

This book is about Nadiah, the golden-haired blonde with deep blue eyes, and the big, muscular, green-eyed, Detective Adam Rast. While the two of them start out on a rocky road, Rast doubting Nadiah and simultaneously insulting her belief system, Rast proves himself to be an honorable man standing up as Nadiah's champion even though doing so was dangerous for him. I won't say much more than that because I don't want to spoil anything. As for the two main characters, Nadiah is an endearing young girl who has been forced into something she doesn't want by parents who are more concerned with social standing than their daughter's well-being. I adored her and everything that she felt seemed to me as a reader. Rast is a man who has a wall around his heart, for obvious reasons, but he has morals and honor. He is an upstanding man and, to be honest, I fell a little bit in love with him as I read. The plot itself was a unique change. In the rest of the series, the villains tend to be bigger over-arching bad guys, kind of removed from the main character; they had no real connections to the characters themselves. In this book, the first villain who encompasses most of the tale, is Y'dex Nadiah's promised fiancé. He's a horrible, dreadful person that Mrs. Anderson made it easy to hate. Luckily, Rast was there to counterbalance his hideous actions. All in all, I

really enjoyed this book. I highly recommend it in addition to the rest of the series.
