# Guidelines For Perinatal Care

## Synopsis

The gold-standard guide from the AAP and ACOG -- newly updated and more valuable than ever! Significantly revised and updated, the new 8th edition of this bestselling manual provides the latest recommendations on quality care of pregnant women, their fetuses, and their newborn infants. Jointly developed by the American Academy of Pediatrics (AAP) and American College of Obstetricians and Gynecologists (ACOG), this unique resource addresses the full spectrum of perinatal medicine from both the obstetric and pediatric standpoints. New in the 8th edition: New section on suggested levels of maternal care from birth centers to Level IV institutions New sections on screening for preterm delivery risk added to chapter on antepartum care New topics covered include the timing of cord clamping, the need (or not) for bedrest, and updates in hypertension Guidance regarding postpartum contraception recommendations has been expanded New section on mosquito-borne illnesses (including Zika) New section on infections with high-risk infection control issues Updated recommendations on neonatal resuscitation, screening and management of hyperbilirubinemia, and neonatal drug withdrawal.

## Customer Reviews

The American Academy of Pediatrics Committee on Fetus and Newborn studies issues and current advances in fetal and neonatal care; makes recommendations regarding neonatal practice; collaborates with the American College of Obstetricians and Gynecologists (ACOG) to consider

perinatal issues on which the practices of obstetrics and pediatrics merge; and works cooperatively with ACOG on new editions of Guidelines for Perinatal Care. The American College of Obstetricians and Gynecologists Committee on Obstetric Practice considers all aspects of the practice of obstetrics (including maternal and fetal medicine) and makes appropriate recommendations regarding needs in the area of obstetric education, research, and development. ã ã
