Customer Reviews

This is a new book in new condition. Book may have slight shelf wear from in store display. Your business is very important to us. All of our books come w a 100% money back guarantee!

This book is an old stand by. I use it to help teach beginners to stamp. I learned a lot from this book when I was a beginner.

I like this book because I was able to find answers to questions I had not found anywhere else. The author was clear with her explanations. The author also provided ideas to build on your creative ideas with inexpensive products. I wish there were more photos.

This is a great book for beginners. It's step by step directions are easy to follow. Also has ideas for those a little more experienced stampers.

This is a great book for a beginning rubberstamper, and it is a shame that it is so hard to find. It has step-by-step instructions, along with illustrations and photographs. Michelle has a second book which is EVEN BETTER, called Rubberstamping, Beyond the Basics. She includes many money

saving ideas, as well as lots of inspiration
