Customer Reviews

Dr. Russell R. Lonser is professor and chair of the Department of Neurological Surgery at Ohio State University. His research interests include the development of drug delivery paradigms for the central nervous system pathology, as well as investigation of tumor pathogenesis and biology. His clinical and surgical interests are centered on the treatment of brain, skull base, and spinal cord tumors. He is an author on over 250 scientific and clinical publications. He received the Young Investigator Award in 2001 and Mahaley Clinical Research Award in 2013 from the Joint Section on Tumors. He is co-inventor on a patent for imaging delivery of therapeutic agents in the nervous system. He has served the Congress of Neurological Surgeons as past President, a member-at-large of the Executive Committee, scientific meeting chair, Annual Meeting chair, and treasurer. He has been actively involved in the mentoring and training of over 40 neurosurgical

fellows. He is on the editorial boards for Neurosurgery, World Neurosurgery and Journal of Neurosurgery. He is an Academic Editor for PLoS One and Science Reports and is consulting editor for Neurosurgery Clinics of North America.
