Customer Reviews

I have loved every single Fisher Price Little People book since I can remember, and this one is no exception!! I LOVE the lift the flaps, my kids were literally entertained for hours discovering oh Santa is here!! Oh look, presents!! I am working to really instill a love of reading in my kids, who are both still really young(2 and 1), and so far they have been latching on to reading like crazy!! And these books make it easy. Bright colors, fun flaps to find cool things, an easy to follow story line, and with it being a hard board book, its durable and lasts through my toddlers fighting over it over and over again. Another great Fisher Price book!!

We bought this as a gift for a family member after our daughter loved her copy several years ago. Later we realized this version has different illustrations than the other Little People flap books - the people aren't nearly as cute and "rounded" and the illustrations were far busier. What a bummer! We ended up getting the same book as our original (confusingly titled the exact same "Christmastime is Here") at Target, where we could verify the illustrations were more like the other Little People flip books (such as the school, zoo and Noah's ark ones).

Love all the flaps to lift. Keeps the kiddo involved. But this book does not have as thick of pages as our other little people lift a flap book.

We have most of the Fisher Price Little People lift the flap books because they're awesome. I feel they're the perfect amount of pages to hold my 4 & 1 year olds attention when I read it to them and if they read it themselves. A ton of colorful flaps on every page and extremely durable. Happy kids = happy mom!

Agree with the previous reviewers - pages are not as thick as the other edition, and pictures are inferior. If I didn't know what the other edition is like, I wouldn't know the difference, though.

My son loves these books. They really do teach quite a bit if you take the time to read them alongside your child.

Granddaughter has halloween book in this series and "requested" the Christmas one. She just loves these books.

Love these books and toddler spends endless hours wanting to read every night and lift all the flaps.
