Customer Reviews

I simply love languages. It is the very reason why I wanted to read this book. My love for words is more a light hobby than anything else. This book assists in making the experiences free and fun, providing all the resources for ingenious ways of going forward. It will fuel and turn your linguistic fires into blazes of joy!

What can I say other than the cover is nice and leads you to believe that the contents would be helpful. The book is not at all helpful to develop a dialogue, order a meal in a restaurant, or..... Why would a beginner or a kid have to know how to ask "How do I go to court?" or write a contract?

Excellent book to learn Portuguese phrases, not only for travel but also when you have friends like I do who speak the language.
