Krishna: The Beautiful Legend Of God: (Srimad Bhagavata Purana Book X) (Penguin Classics) (Bk.10)

Synopsis

The Beautiful Legend of God contains the tenth and most significant book in the popular Indian epic Srimad Bhagavata Purana, which is the principal source for the story of Krishna, worshipped by many Hindus as the Supreme Being. Devoted to Krishna's miraculous incarnation, this collection of sacred tales recounts his childhood and adolescence in the forests of Vrindavan: playing with his friends, dallying amorously with cowherd maidens, and stealing butter to feed the monkeys. Krishna emerges from these episodes as an immediately engaging figure, and the stories have inspired generations of artists, musicians, poets, sculptors, and dramatists. They also contain valuable insights into Hindu views on such matters as creation, cosmography, and the history of the subcontinent. Making its first appearance as a Penguin Classic, this edition of The Beautiful Legend of God includes an introduction, glossary of Sanskrit terms, pronunciation guide and bibliography. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Customer Reviews

Edwin F. Bryant is a professor in the Department of Religion at Rutgers University and a specialist

in Indic civilizations, religions, and languages.

Professor Bryant is a brilliant scholar and this translation is just one of the concrete manifestations of his unique scholarly gifts. The introduction to the translated text is excellent and, as another reviewer says, worth the price of the book on its own. The Bhagavata Purana (especially the 10th book - translated here) embodies an immensely important tradition in Indic spirituality and should be read at least as much as some of the other classics of Indic traditions - like the Gita or the Upanishads (e.g.). Hopefully, through the ease of Professor Bryant's translation, the interesting features of the text itself and the translator's enlightening introduction, this edition of the text will allow the Bhagavata to become better known and better appreciated in the West.

For anyone interested in attaining the Supreme Divine Love of God, this is the crest jewel of knowledge. It transcends the Vedas. Reading about the divine Lilas or pastimes of Krishna soothes and inspires the heart and clears the mind. I purchased the ebook version and find it very convenient to refer to. It is translated into a very accessible style of English, so you don't have to wade through the archaic terms.

Beautiful, poetic rendering of a Sanskrit text, that is faithful to the original but easy to read. This is a modern classic.

Beautiful rendition of the deepest most esoteric event in history, the life of Krishna.

excellent commentary at the beginning of the book. includes the 10th book and a little of the 11th so you can get the full Krishna story. Recommended reading!

Beautifully written - such wonderful stories that can be read again, again, and again. Krishna Das is a master - thank you for a beautiful book.

A beautiful translation that brings the essence and background of Krishna available to everyone. It's definitely something that readers should look into. The delivery was very fast. I received this product from the day after I ordered.

This is a great translation of Canto 10 of the Srimad Bhagavatam, the biography of Krishna. This

book is usually reserved for the devotees of Krishna. Thus its translators are primary persons in the lineages of teachers from India. Here however there is clear English with no religious overtones and no attempt to make converts and indoctrinate the reader. This is a relief in the history of the translations of this part of the Srimad Bhagavatam. It sells at a very reasonable price, considering the work involved in translating from Sanskrit into English! If you buy this and like it, please look at my Bhagavad Gita English* which is also free from missionary overtones.*Bhagavad Gita English
