Bonaire Dive Notes To Self: A Travel Happy Log Book

Synopsis

Dive computers have made traditional dive logs almost obsolete. What you need instead is a means of setting dive goals and recording both your trip and dive details in a way that turns them into lasting memories. Use this log to write your own guidebook for your return trips to the island.

Gary & Melinda Crow have been writing about and photographing their travels for more than thirty years. Bonaire is more than just another dive destination for them, it's where their hearts are. When not traveling they own and operate a cabin resort on the shores of Lake Whitney Texas. They write about their travels and their lives at the resort at www.betravelhappy.com

Weak. Little to know information on what you need to know to rent gear, types of diving available (tech, shore, boat, night, wreck, etc). I got more info from Wikipedia than from this book
