Excellent

interesting facts. but not what I expected

Found this book to be a little interesting but fans of the books and show will already know most of these facts. Was also disappointed that the book was not longer.

cleared up a few questions that I had from the series just wondering if another will be published once the tv show is done with all books?

Love Game of Thrones, some of these facts are just obvious statements, but definitely good to pass time by!

Even though I watch the show and consider myself a fan, there were many things in this book I didn't know. I'm glad this was free on Kindle. This book was so short I wouldn't have bought it.

Nothing here that I didn't already hear or read somewhere else! Just comparisons to what was in book vs TV.

I found out a lot of things I didn't know, or didn't notice, while reading or watching the series. Other facts were common knowledge. You should read this. It's worth the 15 minutes.
