Although it is billed as "legend," Deedy's (The Library Dragon) WWII story raises disturbing questions regarding the importance of historical accuracy. Here Denmark's courageous King Christian responds to the Nazi edict that all Jews must wear a yellow star by wearing a yellow star himself, and his act inspires his subjects to do likewise. Deedy's writing is vivid and lyrical. Abut in an afterword she acknowledges that her story is "unauthenticated" and that no Danish Jews were "forced" to wear the yellow star. As Ellen Levine points out in her recent *Darkness Over Denmark* (Children's Forecasts, June 26), the order about the star was never issued in Denmark. Where Levine cited the false story of the king's yellow star to explore the facts about Danish resistance to the Nazis, this book, in perpetuating a myth, clouds history; it also deflects from the country's most

famous act of resistance in rescuing the overwhelming majority of its Jews (the afterword reports that Danes smuggled over 7,000 Jews to Sweden in fishing boats). Ultimately, despite the graceful prose, the insight offered into a dark era and Danish artist Sorensen's magnificent oil paintings, the book's fundamental flaw is difficult to overlook. Ages 8-12. Grade 2-4-Blending fact with legend, Deedy tells of Denmark's King Christian X's simple act of rebellion and courage, which served to unite his people against the Nazis. It is the king's custom to ride through the streets of Copenhagen unguarded, counting on the love of his people to protect him. When the Nazis circulate the order that all Jews must wear yellow stars on their clothing, the king devises a way to protect them. He makes his morning rounds as is his custom, but wears a yellow Star of David on his finest suit. The final illustrations depict shopkeepers, policemen, and others, all following their monarch's lead. "And, once again, in the country of Denmark, there were only Danes." Deedy's language is simple and rhythmic, relating what she calls in the notes "a story that should be told." Smrensen's period paintings serve almost as formal portraits of individual Danes living their lives in the face of the looming Nazi occupation. This is an interesting and thought-provoking piece of work, but readers are sure to be disappointed to find out that it is legend, and not verified history. EVERYONE should read this book. I will use it during a Holocaust study,

Love this book!

great book

This book evokes a tragic time in history, but also inspires the youthful reader with its story of courage in the face of a dangerous time. The pictures are very good, and the words, though relatively few, tell this story in a very powerful manner that is not intimidating. I'm glad I gave it as a gift.

This beautifully-illustrated book tells several legendary stories concerning King Christian X of Denmark. Especially for teachers, this book would be a great companion piece to *Number the Stars*

by Lois Lowry, which tells one of these legends in the novel.

Great

This is absolutely a wonderful story! Both children and adults will love it and it absolutely teaches an amazing lesson!

Amazing story for all ages
