Tango (English And Spanish Edition)

Synopsis

Never before has the erotic, sensual nature of the tango been captured so perfectly in photographs. Here, for the first time, photographer Isabel Munoz presents a unique and sultry vision of the dance that can only be described as an act of seduction. The duotone photographs are accompanied by a short story by Evelyne Pieiller that explores the effect of the tango on one particular gentleman, and a fascinating collection of lyrics from the most popular tango songs of all time (printed here in both Spanish and English).

Customer Reviews

Tango dancing is enjoying a rediscovery with concert performances such as Forever Tango and Tango Argentino, but this book by French author Evelyne Pieiller and Spanish photographer Isabel Muñoz makes no attempt to tell the Argentinian dance's history. Rather, it approaches its subject obliquely, with a long piece of fiction and a series of tango song lyrics, translated into English, and accompanying the book's centerpiece, a series of remarkable, glowing, mildly erotic photographs. All freeze the tango dancers in action: tangles of entwined limb tightly clad in stretched satin and fishnet, sweating, and not always just with exertion. The lyrics, presented here as poems of passion and betrayal, capture both the essence of the dance, and the sharp tang of the lifestyle that produced it. Rarely does a book capture pure mood so well--to exclusion of virtually everything else.

Text: English, Spanish (translation) Original Language: French, Spanish

I have 50 or 60 books on Argentine Tango and this is one that stands out for the sheer beauty and elegance it brings to the bookshelf

A super pictorial of Tango. As you turn the pages you can hear the music and feel the beat. If you're not careful you'll sense the heat, and if you turn just one more page, you'll be drawn into the book itself and become one of the dancers. Read it at your own risk and get ready for some steamy dancin' on your floor!!!

Tango was a Birthday Gift for a very dear friend. She absolutely loved it!

The book is great--I would not describe the cover as "very good" though

vintage book. Love the images. Love the stories

nothing great

I think this is about the most sensuous book of tango photography ever. I have two of them.

"Tango" is a stylish and sexy coffee table book for fans of the tango. It features 80 duotone (black and white) photographs by Isabel Munoz of dancers in various stages of tango. On the facing pages there are lyrics of popular tango songs, displayed like poetry, in both Spanish and English. A short story by French author Evelyne Pieiller prefaces and introduces us to the photographs and lyrics. Many of the photographs are erotic, and some are semi-nude, so this book may not be to everyone's taste. But "Tango" beautifully captures the drama and eroticism of this dance that was born of competition in the bordellos of Buenos Aires and has achieved -just enough, but not too much- respectability as it continues to capture the imagination of couples around the world.
