## Customer Reviews

"Tender and inspiring.... An important book!"

Mary J. Nelson is the author of *Hope for Tough Times and Peace for Each Hour*. A survivor of breast cancer, she leads the Pray for the Cure ministry at Hosanna!, a church of over 6500 members, where she also serves as an associate pastor to Prayer and Freedom Ministries and a Sozo leader. She and her husband, Howie, have two adult children and two grandchildren, and make their home in Minnesota.

I've just gone through breast cancer treatment - chemo and radiation, plus various "by--products" of both. This book was my lifeline. No words can convey how much this helped and encouraged me. I will tell every woman that I hear who has breast cancer to get this book. God will speak, encourage and edify through it.

This daily devotional book is written by a breast cancer survivor. Each day's reading is inspirational, based on Bible Scriptures and offers support for any person experiencing breast cancer treatment. The book was given to me during my year-long treatment for breast cancer. I read it each day and appreciated Mary J. Nelson's shared experience and spiritual encouragement. I now give a copy to anyone I can who is a breast cancer patient. Grace for Each Hour offers hope and divine strength as it points to God's Word and the healing He offers.

This book was very encouraging to me as I went through my breast cancer journey. I have given away several copies and it is always their favorite book during treatment.

One of the best devotional books I have read, and I am picky. Mary Nelson gets to the heart of the matter without being overly sappy or sentimental. I have been inspired each day and felt as if I had a friend going through the months of treatment and recovery with me. It's page by page practical insights that encourage and draw the reader closer to Jesus the Healer.

I was given a copy of this book when I was diagnosed w/ breast cancer. I now make sure I keep one or two copies on hand to give out to people that approach me that have just been diagnosed. It is a small thing that I can do for them, as I know and understand all they may have to go through. Even though I am only 1 year out, the book still comforts me... Awesome book...

this book was first given to me when I was diagnosed with breast cancer... still read through it 5 years later.

It was a major blessing!

I have given many copies of this book to those going through treatment for breast cancer, and the book has been universally appreciated!
