Fifty-four Devils

Synopsis

“Ye are twenty-five cards. Become twenty-five devils Enter into the body, into the blood, into the soul.” So begins a nineteenth century Italian charm making use of a small deck of playing cards. This brief-but-richly drawn book explores the practice of divination by playing cards known as cartomancy. It reveals the “secrets in plain sight” which hide within the pips, kings, queens, and jokers of a standard deck. Explore one method of divination in-depth as you meet the “fifty-four devils” the symbolic spirits of each card and learn about invoking ancestral blessings for card readings, the folklore of playing cards, and how to relate fairy tales to a spread along the way. -From the back cover
