Reviews "My two-year-old daughter Sophia LOVES this book! She asks me to read it to her several times a day, and she also loves Callie's Wish (coming soon). Every time she sees a bee she says "Billy Bee!" She asks to read Billy Bee as soon as she wakes up in the morning and before she goes to sleep. Sophia loves the illustrations, the story, and the characters. When we get to the page when Jolly Jollie first comes into the story, she always exclaims, "Jolly Jillie!" She is only two now, so I'm not sure if she understands the valuable message in this book yet, but I know we will be reading this series for years to come, and soon my infant son Tristan will also love it. I know as they grow older they will begin to understand and learn from the lessons in this series. Thank you, Peter Thomas and John Mahomet, for creating a beautiful children's series. We can't wait for the rest of the books in this series!" -Ashley Emma, multi-bestselling author of Undercover Amish, Fearless Author, and The Ashley's Amish Adventures Series <http://a.co/iZr0Lps> "A brilliantly-colored book with a simple message in rhyme. This book would be wonderful to read aloud with your child or grandchild. My granddaughter has spent many happy hours looking at all the pictures in the book!" - Susan Jagannath, bestselling author of The Camino Ingles: 6 days (or less) to Santiago <http://a.co/jhAf5c9>

A beautifully, colorfully illustrated book about the colorful nature of love! The book ends (spoiler alert) with a reminder that we each contribute our colorful best to the beauty of the world. A wonderful lesson for children and confirmation for adults!

This is a very sweet story filled with beautiful illustrations. My kids (4 and 6) enjoyed the story, and "studying the details in the pictures".The rhyming passages made for fun reading aloud and my 6 year old enjoyed guessing the correct word to finish the phrase or sentence. Personally, I liked that it was a young boy that was scared and a girl comes to his "rescue". Over the course of a couple of days, we read about Billie Bee aloud many times. Plus, both kids looked at the books separately several times. Looking forward to reading the next book in the series.

We have had the hard copies and it's wonderful to be able to start taking them on the go with kids on the Kindle! Thank you for such wonderful stories!

I thought this was a wonderful great book. I liked all the colors and we liked all the people in the

rainbow city.

We were so lucky to have been introduced to Billy Bee many years ago and so very much enjoy the story not to mention the meaning of it. My girls are now 8 and love reading it to me. Everyone needs to get this book, definitely one of our favorites!

Not only does Peter tell wonderful stories, he is a marvelous concrete contractor ! I find it fascinating that he does such rugged work and writes meaningful children's books at the same time. I am looking forward to the next book.

A beautiful story about finding love within yourself and others. Believe in yourself and your dreams will come true! Children will love the colorful, beautiful pages as they read this fun rhyming story about Billy the Bee! *~*~ ~*~ ~*~ ~*~ ~*~ ~*~ ~*~*

For years my 3 children have loved the Adventures of Billy Bee. Fun, positive stories which draw the kids in with lively colorful illustrations.
