Hawaii By Cruise Ship: The Complete Guide To Cruising The Hawaiian Islands, Includes Tahiti

Synopsis

Sailing among these beautiful tropical islands by luxury liner is a North American dream cruise. This new edition from Ocean Cruise Guides covers all the islands and attractions that make Hawaii such a great cruising experience. Extensive shore excursion details and cruise-and-stay options are included, as are insider tips on selecting and preparing for your Hawaii cruise. Over 400 colour photos and dozens of colour maps detailing ports, whale watching locations and island attractions. In addition, the island maps in the book also show driving times to attractions for those renting vehicles. Cruise routes are also shown so passengers can follow their ship's progress. Comes with a large color pull-out map.

Customer Reviews

With her crisp writing and in-depth reporting, Vipond s created a terrific series of guide books.

--Cruise Critic...Anne Vipond goes beyond the standard cruiseguide fodder of ship and port descriptions. --Chicago Tribune Take along these books and you'll have all you need to know of any port where the cruise ships dock. --Vancouver Sun

Veteran cruise writer Anne Vipond, author of several books on cruising, describes this destination with concise and helpful detail for passengers wanting to maximize their time at each port of call.

I am planning my first cruise and my first trip to Hawaii. I found this book to be extremely useful. The

information is well organized and complete. The pictures and maps are good. The information about every port and possible tours available is great. Overall I found this book to be quite helpful.

This book gives you a better perspective than a normal guide book on the Islands. Such as whether you will be docking or tendering. What to expect when you disembark from the ship in each stop, from transportation to tours. Very informative!

The book is very colorful and helpful for us to prepare for our upcoming cruise. It arrived in a timely fashion. Very satisfied.

Highly recommended for its great in-depth writing on all aspects of cruising pre and post, amazing photos, maps and comprehensive island recommendations and history. Plan on donating my copy to my local library after my upcoming cruise.

I bought several travel guides prior to our cruise to Hawaii, and while this one was ok, others were more comprehensive. This did not really contain any new or different info about the islands, and was a bit too generic regarding the various cruise line options.

Good book to give you an overview of what it is like to cruise, for me the first time. Also has a lot of information about the islands etc.

I purchased this book several years ago before going to Hawaii in 2008. Best book on cruising Hawaii and I researched this trip for several years. Very informative on every port you visit in Hawaii. Great photos, great info on every port...thoroughly enjoyed reading every page of this book. It highlights all the great things to see and do in Hawaii!

I took a cruise to Hawaii this winter and this guide was very helpful. I noticed this updated version included coverage of the South Pacific as well as Hawaii and so covered our trip perfectly. Lots of wonderful maps and color photos. The tips on shore excursions alone were well worth the price of the book. It was very thorough for a single volume guide and helped us greatly in planning our cruise.
