Customer Reviews

The dining guide is good but not great. What a person is looking for in a guide book like that is a few leads to places that they may not have found about on their own easily. The reason that I can't rate it much better than o.k. is for a publication being titled "2016 Kauai Restaurant & Dining Guide", there are already three or four of the listed places out of business & closed! People do close a business due to different reasons like health or age. Although in a tourist destination like Kauai, you would think there would be a market for a thriving restaurant. So, I wonder just how good were the places that the guide book was touting? Secondly, some of the other listed places may be fine, if you can afford to eat at them. Some of them are pricey, even by Kauai standards.

Could have gotten this info via a quick google search. Hits the top spots with general descriptions. I was looking for more

Great guide for an upcoming vacation on Kauai.

This "Dining Guide" is basically a very short (already outdated) list of roughly 20 restaurants (several already closed) with the following deets: 1. Name 2. Picture 3. Website 4. Google maps location 5. A weird blurb that usually reads like a cut and paste out of a Yelp review by a local. Sometimes reads like two reviews were cut and pasted together. Quite odd. That said - good info and useful for a quick eating reference for the ones open, for FREE. I wouldn't pay for this (use Yelp, FS, Trip advisor, and Google). The places we have been to in here jive with the given review blurb. Except for the one that mentions it's a great swingers club. Totally misleading. I showed up there in my new gold thong and see-through beach shirt and it was some kind of jazz swing dancing venue. Not the kind of swinging Kauai is known for. Wife was super let down. No fun for her that night. Otherwise - the info here is actually decent for FREE (Kindle Unlimited), even though it reads oddly. I wouldn't buy it
