My wife loves to work these and she's especially happy with this book. Be forewarned, though, most of these are pretty challenging.

This is the very best word search puzzle book ever. Each page is jam packed with words of interesting topics. I plan to get all their puzzle books. If you like a challenge, you will enjoy this book.

A good time consumer as well as brain booster for old folks like me. Large print helps, of course. The size causes me to confine it to home use although it can be rolled up to carry with you. (Small "take along" puzzle books are handier for travel.) Because of its size, the words and the word finder puzzle are both on the same page which makes it handy, also. The different puzzle topics keep

one's interest up, too.

Good readability. Just what my husband was looking for. Not too easy nor too difficult.

I bought it for my client who loves LOVES doing these things. She loves this book and is now doing them by herself without help from family member.

My mom loves these puzzles but her eyes aren't the same as they used to be. She appreciates the larger print. Problem solved!

gift for my handicapped daughter who loves to do word search.

My mother enjoyed doing a puzzle and also helps improve her language.
