# Identical

## Synopsis

State Senator Paul Giannis is a candidate for Mayor of Kindle County. His identical twin brother Cass is newly released from prison, 25 years after pleading guilty to the murder of his girlfriend, Dita Kronon. When Evon Miller, an ex-FBI agent who is the head of security for the Kronon family business, and private investigator Tim Brodie begin a re-investigation of Dita's death, a complex web of murder, sex, and betrayal-as only Scott Turow could weave-dramatically unfolds...

## Customer Reviews

Turow continues his obsession with innocence (his breakout first novel, *Presumed Innocent*, 1987, was followed after 20 years by *Innocent*). In this strained reworking of the theme, the mystery centers on identical twins, Cass and Paul Giannis, who both attend a party at the home of their father's greatest rival, Zeus Kronon, in 1982. The mythological references are many, most seeming to underscore the simple point that the book is about twins. The pivot for the action is the 2008 release from prison of Cass, who confessed to the 1982 murder of his girlfriend Athena Kronon (daughter of Zeus). Cass has been destroyed by prison; Paul is a state senator and mayoral candidate. Matters get further complicated when an ex-FBI agent and a PI reopen the murder case on their own, convinced that Cass is innocent. Much of this book is weighed down by unnecessary accounts of characters' lives from childhood on. The interesting part has to do with the forensics of fingerprinting and DNA, though the 2008 time frame limits what can be done with that. All in all, a disappointment from a much-loved author. HIGH-DEMAND BACKSTORY: Turow may have drunk from the well of innocence one too many times, but his fans are still thirsty. --Connie Fletcher --This text refers to the Mass Market Paperback edition.

"A compulsively readable tale of love, guilt and revenge that may take its cues from the story of Pollux and Castor and other Greek myths but resonates even more strongly with the near-epic Kindle County narrative Turow has created over some three decades. Even when "Identical's" many twists challenge the reader to figure out who's on first, it is Turow's deftly drawn characters - coping with advancing age, old grief and lost love - that linger in the mind." *Los Angeles Times* "Suspense with twists and turns from a master of the form." *Sacramento Bee*
