Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

Nice song book. Love the song selections.....wish the nomenclature was bolder.....but I'm sure the under 50s find it's great. I do recommend it.

It has a good selection of songs from Broadway to rock and roll. Most of the songs are simple enough that all you need to know is how to play a single note no bends or chords required. But there are also some songs that are a little more advanced to keep the slightly more experienced

player entertained. Good book I would buy it again.

Great song selections and it includes the notes and chords so you can jam with other musicians.

a good place to start. a good collection

These are great songs that include lyrics, chords, notation, and harp tab. What more can one ask for.

I bought this for my girlfriend, who was interested in learning to play harmonica. She always refers to it, and now plays harmonica pretty well now. A great tool for the beginner, highly recommended.

easy to use and easy to read very large collection of song made it easy to learn ,so buy it

There are many songs I know, you can use it for piano music too. Some song are harder to play on the harmonica, but there are easier ones, too.
