New Zealand: The Ultimate New Zealand Travel Guide By A Traveler For A Traveler: The Best Travel Tips; Where To Go, What To See And Much More (Lost Travelers ... New Zealand Guide, New Zealand Travel)

Synopsis

Updated For 2017 Completely Based On Customer Feedback. Congratulations! You've Found The Ultimate Travel Guide To New Zealand. Why You Need Lost Travelers First we would like to thank you for considering Lost Travelers as your guide book. Allow us to explain our beginnings, and the reason we created Lost Travelers. Lost Travelers was created due to one simple problem that other guides on the market did not solve; loss of time. Considering it's the 21st century and everything is available online, why do we still purchase guidebooks? To save us time! That's right. Since the goal is to be efficient and save time, we did not understand why there are several guidebooks on the market that are of 500 to 1000 page long. We do not believe one needs that much bluff to get an overview of the location and some remarkable suggestions. Considering many guidebooks on the market are filled with "suggestions" that were sponsored for, we have decided to take a different approach and provide our travelers with an honest opinion and decline any sort of sponsorship. This simply allows us to cut off any nonsense and create our guides the Lost Travelers style. Our mission is simple; to create an easy to follow guide book that outlines the best of activities to do in our limited time at the destination. This easily saves you your most valuable asset; your time. You no longer need to spend hours looking through a massive book, or spend hours searching for information on the internet as we have completed the whole process for you. The best part is we provide you our e-guides for one third the price of the leading brand, and our paper copy for only half the price. "The World Is A Book And Those Who Do Not Travel Only Read One Page" - St. Augustine Thanks again for considering us, we hope you enjoy! Here Is A Quick Preview Of Our Guide

Customer Reviews

I read the reviews before I bought, but I did not take the poor reviews seriously. Yes, the book is as bad as stated. Why did I buy? I was unduly swayed by one review that promoted the book as one for backpackers. While I will not be going to NZ as backpacker, I appreciate the "close to the ground" experiences of a backpacker. For some reason I thought the poor reviews were due to mismatch with the author's traveling style. I was wrong. The book consists of short paragraphs of anecdotal information with little depth. The information has about as much insight as one would get from a weekend of web searching with a cut & paste of what you found (if that good). The sections which do contain accommodations, while complete with phone numbers (usually, sometimes just street addresses), these entries do not contain web addresses. This is a giant clue as to how seriously the authors take this book and also how up-to-date the information is. Random sample paragraph: "The thing about Franz Josef [town] is that it is a rather small town that you can walk around easily, but there is also ample transportation for those who want to pay the glaciers a visit. There are tour coaches, cars, and buses that service the glacier tours. These can also bring you to and from town." That is the extent of the Transportation section of chapter 4. There are no company names, no phone numbers, no addresses and information on contacting these various transportation services. So my strong recommendation is: Do not waste your money.

Very basic information that you can get by surfing the net. It isn't bad but just very limited information with no logical structure to it.

If you already think you know what you want to do or where you could want to go in New Zealand this book may tell you a little about it - but not much. If you have no idea, this sketchy book isn't going to help at all. And it is far too boring to sit and read for possible ideas. Find another resource to help you plan your New Zealand trip.

Interesting but not very detailed compared to other guidebooks.

Rather useless...

As usual, the lost travelers team has always guided my abroad travels and this time when Am visiting the Queenstown, I have to use the quick and precise guide with the well described way of life of the people in New Zealand and the geographical land marks and spectacular scenery of the country, am more exited to visit the country for the first time.

Very limited information is in this book

The guide provides what Lost Travelers views as the top locations to visit but little information about other areas of the country. The areas covered are done well.
